

WHAT TO PACK

FOR A SPRING TRIP TO ISRAEL

Packing for a spring trip to Israel is no small feat, especially if you have never visited before. With so many cultures, traditions and temperatures, being adequately prepared can make or break your experience. That's where we come in! Our team has curated a comprehensive packing list that includes clothing items that can be worn in order to gain entrance into the various holy sites throughout the country. Before packing please keep in mind the following:

SPRING (March-May)

Temperatures range between 60-70F (15-25C) degrees in most of the country (still hot, though, around the Red Sea and Dead Sea). Jerusalem will be in the 40-50F (5-10C) in the evening.

Happy Packing!
